

## **PAUTHO VISION FOR WOMEN EMPOWERMENT**

**(VIWE) UGANDA LTD**

### **MARCH REPORT**

**2021**

#### **Introduction**

The report gives the details of what transpired in the month of March.

#### **Activities undertaken**

##### **Loan disbursement**

We are glad to inform the team that during this month many groups and individual received soft loans. The loans were given out to registered groups and we hope that according to the sensitization we extended to different groups on how best to use this revolving fund they will ably use the funds well in their businesses to support their families.

##### **Loan recovery**

We are happy to inform the team that due to the favourable payback period given to the groups that apply for soft loans, we were able to recover a good amount of money from the members due to their willingness in paying back their soft loans and also apply for more in the future.

##### **Assessment of Project**

We also wish to inform you that very many individuals and groups from the community who are running small businesses / projects such as local brewing, Vegetable selling, bricklaying and many other projects to support their families. We observed that many of the group members and individuals were

going on steadily in their projects and this was encouraging since our target is to be able to support and change people's lives. We are also happy to inform the team that many members are willing to get on board to apply for soft loans from our organisation since it is really impacting very many people's lives.

## **Conclusion**

In conclusion we thank all the members especially Buch Aktion for continuously supporting the organisation to ensure that we meet our target of uplifting the standards of living for many families through extending soft loans to them and this has enabled them to invest more capital in their businesses to change their lives.
