

PAUTHO VISION FOR WOMEN EMPOWERMENT

(VIWE) UGANDA LTD

APRIL REPORT, 2024

Introduction

The report am presenting to you is containing a summary of activities that were carried out in the month of April, 2024.

Monitoring of projects

I delighted to report to the team that in the course of this month, I moved to a number of beneficiaries groups (Kitindya yetana and Bushangi traders women group) to assess their progress and here i inform you that, our members are working hard to get out of poverty.

As noted earlier in the previous reports and with our financial support, our beneficiaries are engaged in a number of business projects like Produce, selling vegetables, bricklaying, tailoring, hawkers of second hand clothes and shoes, piggery, poultry, charcoal burning and selling and they are making profits hence steady progress and improving standards of living.

Loan recoveries

It was only recovered from Kwa Moyo staff, Pautho staff and Groups formed from Kwa Moyo who have continued paying their monthly instalments without disturbing.

Loan disbursement

Loans were only given to Kwa Moyo staff members and the group of Kitindya yetana women group in this month.

Challenges

There are still a few groups who still have challenges in clearing their soft loans. However, the members are very keen to repay the loans.

Conclusion

I express my sincere appreciation to our noble team for their continuous funding in order to see that our organization meets its set objectives of upholding wellbeing of vulnerable women in the communities of Bukende Sub County, Busoba Sub-county and later the country at large.
