

PAUTHO VISION FOR WOMEN EMPOWERMENT

(VIWE)UGANDA LTD

JULY REPORT

This report consists of the activities that were carried out in July;

Activities

Loan disbursement.

Am so much privileged to inform you that during the month of July, loan disbursement was a success since it's our number one activity. Many groups of women that were assessed last month were able to receive loans where by each group managed to get 1,000,000ugx plus other members from KWAYA which is our pioneer group of women. Despite the pandemic, am glad that this has not affected rural areas like urban areas, so everything is normal in rural areas.

Loan recoveries.

I also wish to bring to your notice that since this year started, our loan recoveries have been good and the same applies to this month. Most members willingly service their loan dues without being followed up which is an indication of growth and development among women ant the project.

Project assessment / monitoring and evaluation.

Since I told you earlier that the rural areas in Uganda have not been affected so much by the corona virus, I managed to reach a few members to see how they are carrying on their projects and am glad to tell you that they are progressing well. Am also happy to inform you that some

husbands have joined their wives to work together as a family since they see that these projects are of a great help to their families.

Assessment of members for loans

More members keep on joining the KWAYA group and others form their own groups and need to be assessed. I have reached many members for assessment and believe me most of them qualify to receive loans but we have a challenge of limited funds that cannot be given to everyone who would wish to get a loan.

Savings

Am happy to report to you that this is the greatest activity that has been improved so much since I started working with KWAYA. Many women didn't like to save but through sensitization about how to save and why one should save they picked up the spirit of saving and they have never regretted. Am glad that now we have a very big number of members saving with us from different areas and above all willingly not forcefully.

Conclusion

I wish to take this opportunity to thank the Buch-aktion team for the great work and the support rendered to PAUTHO VISION FOR WOMEN EMPOWERMENT (VIWE) UGANDA LTD. We so humbled to have you.
