#### **REPORT MARCH 2025**

#### **Introduction**

The report we presenting to you is containing a summary of activities that were carried out in the month of March, 2025.

#### **Monitoring of projects**

I delighted to report to the team that in the course of this month, we moved to a number of beneficiaries groups, and individuals to assess their progress and here I inform you that, our members are working hard to get out of poverty.

#### **Loan recoveries**

It has come to our notice that most of the individual members are doing very well on their recoveries than group member's i.e. We do recover money from the individual on the given appointment date minus pulling ropes .

#### **Loan disbursement**

Loans were given to both individuals and group members

**Challenges**

We had challenges in recovering our monthly loan installment from different groups and individuals.

**Way forward**

For one person, we recovered the money through the guarantor, we are going to recover the money through chairperson.

**Conclusion**

We do extend our sincere thanks for support and services you render to the people in the society which improves on their costs of living.
